## Displaying the Inventory Page

All inventory tasks are performed from the Inventory page. To display this page, click the **Inventory** icon on the menu bar:

The following figure shows an example of the Inventory page. The page has two tabs:

- **Phone Numbers** allows you to filter, edit, and export phone numbers.
- **Phone Hardware** allows you to filter, add, edit, and export information about phone hardware.

The  button at the top-right side of the page refreshes the information on the page.
